Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents

The replies filed on 2/4/2009 and 2/7/2009 are not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Applicant's amendments are working from a copy of the application which the US patent office does not have on file and as such is not responding to the office action. As noted by applicant, missing amendment was filed 5/20/2005. Since this is prior to the US filing, while in the PCT stage, the examiner suggests applicant contact the PCT help desk 571-272-4300 or it may be easier if new matter is not a problem that applicant simply make all the amendments to the copy of the application currently on file and include those which were missing. Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. See 37 CFR 1.111. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Flemming Saether whose telephone number is 571-272-7071. The examiner can normally be reached on Monday through Friday.
If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Victor Batson can be reached on 571-272-6987. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
